

DMA CORE TENET - RESPECT

Hello Parents!

The purpose of this at home training sheet is to give you a tool you can use to keep your children accountable for practicing one of DMA's core tenets and a very important life skill: Respect!

Use the spaces below, throughout the week, to record your children's progress as they practice respect for themselves and others while at home. Initial on the line for each day your child accomplishes the goal for that section. They will be able to turn this sheet in and earn their yellow respect stripe on their belt!

Student's Name: _____
